quest for the 'Explore' area and 'Loot Item - Son of Nor' quest for the 'Redbranch Treasure Trail' area". Do I need to meet these requirements before unlocking this item? A: You can unlock this item when you meet the above requirements. Once you have unlocked it, it will no longer have any effect on your game. Q: The "Rewards" section under the "Areas Required" section says "Recommended rank 25 or higher in the 'Read Treasure Trails' quest for the 'Explore

What's new:

(General) The Son of Nor was a tightmouthed young man who went by the alias of "Lupa"; he had an even tighter mouth than that. He returned to his hometown of Shizuho a decade after leaving with the criminal organization "The End", and his footwork was the quickest among the members in the training stage. Some say he wielded a large number of sebatsu. Guild Discipline Lupa's style was crude and rough, but this suited his personality. His fighting skills and presence was quite high, and his freestyle fighting style was a step beyond that of normal Shizuho style. Unfortunately, whenever he fought, his movements were extremely rough, and his unique fighting style didn't allow his movements to be slowed down. Name Shizuho's time of kingship, Siloed's, was where "Lupa" came from. After returning, he began to trade on his name, and hung out with people from other worlds who just couldn't get home. Among them was a yakuza from Eddenton in Hillardown City. Shinigami Get Outta Here An Initiate of Gaia in the Hall of Fists, Disillusion'd cursed Lupa in order to cut ties between his world and theirs. As a result, a seal was placed on his mouth. Lupa immediately started fighting in order to break it, and made it to Black Heaven. There, he challenged Dusk to a fight, and Shinigami Ape was assigned as his last opponent. During the fight, he was attacked by a score of rose petals, and his whole back was covered in red spots. The boss of a place he frequented at Blue Heaven came to his aid, and knocked out the immediate threat. He was then attacked by the Herald, but he could escape. Dusk had asked him to join Dictatorship of the Immortal King, and Ape chose to trust him. In the 2nd year, Lupa joined Assault Command Revolution and the Presidente by the name of "Bre" sent him in to sneak peek results of the "Return to the Gaia." Lupa succeeded in getting the information in less than an hour. Before going home, he met Dusk. Dusk, in exchange for his name, agreed to supply Bre with information on the "Tamashii Outbreak: Brotherhood Reborn" after completing several missions.
