Q: Keep leading zeros in an integer I have an integer and I want to keep all the leading zeros. For example, if the integer is 0001, I want it to return 1. A: Create a string with the binary representation of your integer. On the first position, write a zero. Concatenate the string on the next position. For example, public static String convertToBinary(int value) { StringBuilder sb = new StringBuilder(8); for (int i = 0; i <<= 1; } return sb.toString(); }

Liquor; will be harder to launder; e.g. liquid hydrocarbons require rigorous measures, and in consequence, a great expenditure of time and money; B: Maintaining a "clean" law requires the adoption of new methods and techniques of control; C: Unlawful large-scale alcohol production will be impossible, as liquor taxes would exceed a fixed threshold; D: Undesirable imported liquors will form a backbone of criminal activity. 2. 4. 5. 1
